## Arena Rules

- Riders must know and obey “arena rules” in the warmup arena.

### Recommendations for Warm-Up Arena at NCEC Competitions

- To maximise safety in warm-up arenas, NCEC has introduced the following recommendations:
  - You may enter the warmup area at a **maximum of 45 minutes** prior to your scheduled test time.
  - The warm- up area is divided into 4 arenas and where possible are to be utilised as follows:
    - **Elementary and above** – the 2 arenas at the back (closest to the creek)
    - **Prep to Novice** – the first 2 arenas (closest to the entry gate).

### Horse Gear

- It is not the responsibility of the gear steward to check the safety of a horse’s gear. Gear safety is the responsibility of the rider. The function of the gear steward is to check that the horse’s gear complies with EA/FEI rules for dressage. Examples: whip length, correct bit, saddlery, and dress.
- Ultimately, it is up to the rider to ensure their gear is safe, properly fitted and complies with the appropriate EA/FEI rules.
- **Prohibited Gear** as listed in EA Dressage Rules 01/07/23, Section 5 p. 54 - 73”) must not be used in the warm-up area.

Note: An Official EA Steward (David Day) will be present at this Event and will be around the Warm-Up & Gear Steward Areas.

## Etiquette

The Etiquette for riding safely in restricted areas, such as warm-up arenas, is set out below and should be observed – at this Event, there may be up to 25 horse/rider combinations utilising the 4 arenas at the same time.

### F.10.2 Etiquette for the warm-up arena

As there are many horses warming up in a restricted area it is important that all riders have knowledge of the etiquette required in group riding. This ensures safe riding and achieves harmony in busy areas.

- a) safety is paramount, and a collision should be avoided at all times
- b) before entering the warm-up area make sure the gateway and immediate track are clear
- c) riders should pass left shoulder to left shoulder when on the outside track
- d) when not on the outside track, e.g. on a diagonal line, riders should give way to horses on their left
- e) the more progressive gait has priority on the track (e.g. horses trotting should give way to horses cantering)
- f) a halt should not be on the track
- g) walking should not be on the track and does not have right of way
- h) trot has priority over walk
- i) canter has priority over trot
- j) lateral work has priority over all paces
- k) when circling, anticipate your return to the track so as to not stop the flow of other riders
- l) mounting, dismounting and gear adjustment should be done off the track
- m) consideration should be given to behaviour of other horses in the arena that may upset your horse
- n) it may be necessary to leave the area if your horse is upsetting others
- o) if a horse is upsetting the majority, an official should be sought with a view to requesting that horse’s removal for safety’s sake
- p) be aware of stallions wearing green stallion discs
